

DRINKING SET: THERMAL MUG AND STEEL BOTTLE

HD160-BL/HBN03-BL

The drinking set includes a steel water bottle and a vacuum-insulated thermal cup. The Primo steel bottle, made from durable 18/8 POSCO stainless steel, ensures the highest standards of durability and safety. The ergonomic shape guarantees a firm grip, while the one-click opening mechanism allows quick access to your drink. The bottle comes with a leak-proof cap to prevent accidental spills. The thermal mug is made from high-quality stainless steel and finished with a powder coating for added elegance and scratch resistance. The double walls and secure closure keep beverages hot for up to 6 hours. The set is packaged in an elegant black box.
