

# NORDIC WHOLE YEAR BOTTLE, 650 ML.

HBTN01-NB.

The Nordic steel vacuum water bottle is made of the highest quality 18/8 food steel, resistant to acids and carbonates. A water bottle with excellent insulating properties, maintains the desired temperature of beverages for long hours (cold for 24+ hours and hot for up to 12 hours). Double wall vacuum insulation technology perfectly isolates the contents from the ambient temperature and is resistant to breakage. It has a wide opening that makes it easier to wash the bottle and is ice cube compatible. The replaceable cap turns the bottle into a sports water bottle. The outer part of the bottle do not heat up, powder coating provides a firm grip and looks great. It is a great choice for sports applications, for travel and everyday use. Two caps with different functions: 1. The screw cap is made of BPA-free polypropylene. The integrated handle allows you to easily and conveniently carry or attach the bottle to the backpack, e.g. with a carabiner or a rope. 2. A steel cap with a wide opening allows you to put ice cubes inside.

## ATTRIBUTES

Product code	HBTN01-NB.
Color	<ul style="list-style-type: none"><li>navy blue</li></ul>
Measurements	10,1 x 7,7 x 24,5 cm
Packing	elegant white box
Pantone (approximate)	3581 c
