

# NEON WATER BOTTLE MADE FROM TRITAN™, 550ML.

HTR01-NB

Neon water bottle is a stylish and functional solution for those on the go. The bottle is made of durable TRITAN™ material, resistant to damage, and the leakproof cap is constructed from a combination of plastic and ABS, ensuring longevity. The innovative design includes a convenient one-click opening mechanism for quick and easy access to your beverage. When not using the bottle, you can lock the cap to prevent the contents from spilling. The wide opening allows you to put ice cubes inside. The bottle is also equipped with a material handle for convenience. Dishwasher safe. Capacity: 550ml. The product is certified for food contact and is BPA-free.

**TRITAN™** is a synthetic polymer that has gained recognition for its unique properties. It is a copolymer that combines durability with resistance to high temperatures and chemicals. Therefore, it is an excellent material for the production of kitchenware, bottles, and children's accessories.

What makes **TRITAN™** stand out compared to other materials? Primarily:

**Chemical resistance:** This material does not react with most chemicals, making it safe for contact with food and beverages.

**BPA-free:** BPA, or bisphenol A, is a chemical compound that can have negative health effects.

**TRITAN™** is free from BPA, making it a safe choice.

**Durability and resistance:** This material is highly resistant to damage, ensuring a long lifespan for objects made from it.

**Environmental protection:** Its impermeability to chemicals and lack of BPA make it an ideal choice for those who prioritize health and environmental protection.

**Dishwasher safe:** TRITAN™ is resistant to high temperatures, allowing it to be safely washed in the dishwasher without the risk of deformation or damage.

**Innovation:** It is a material of the future that is gaining popularity among manufacturers and consumers.
