

SLING BACKPACK XENON

LPN750-BL

XENON cross-body sling backpack is a unique, small city backpack with an organizer. Access to the main compartment from the back and additional zipper security, which effectively protect the contents of the backpack against theft. The backpack is well reinforced and stiffened, which improves protection from any attempts to cut it with a sharp tool. It has a unique, breathable back system, a comfortable wide harness with a carabiner, a reflective system and a zipped pocket built into the belt. The well-organized interior will accommodate all the necessary accessories and documents. The Sling backpack is perfect for hiking in and out of the city.

Capacity: 8 L.

Specification:

- The front and sides of the backpack made of EVA foam - a hard and flexible material, resistant to tearing and the harmful effects of UV. It retains its properties even to -25 Celsius degrees. Nontoxic, odorless.
- Made of 1680D nylon, with a waterproof coating (tensile-resistant, hydrophobic, long-lasting, friction-resistant, breathable, more durable than polyester).
- Colorful sewn-in inserts in the same color as the zippers.
- Reflective system and additional zip pocket for cards.
- Comfortable wide harness with length adjustment.
- Hidden zippers - made of zinc alloy, with black chrome plating (durable and corrosion resistant).
- Breathable back system AIR FLOW.
- Harness with a carabiner (the possibility of quick switching to the other side).
- Durable handle.
- Organizational panel for tablets up to 12.9".
- The interior is made of nylon - a soft and comfortable material.
- Adjustable opening angle of the backpack up to 180°.
- Lots of inside pockets for organizing the interior.
- Zip pocket for cables.
- Metal plate for epoxy logo.
